Our History

For years Mary H. Scull kept track of a busy family and social schedule on a homemade calendar. These neat uncomplicated pages were drawn up for her by her draftsman husband, David E. Scull. They gave several of these homemade calendars to family and friends at Christmas time and thus started a tradition and a business that has seen these simple record-keeping sheets used and cherished by people in many parts of the world.

Scull Studios has been sending out the Scull-Craft Engagement Calendars for over 80 years now. The Scull-Craft Calendars continue their classic role in your on-going family history.

“I’ve never used a calendar as much as I have these days. Crossing off the day, noting down what I’ve done outside or in the garden, or whether I saw another person—these things are deeply comforting. Thanks for making such a pleasing object.”

—Becca, 2020

Quantity Prices

Over the years we have tried to give our customers the benefit of our quantity prices. Your accumulated total for the season will determine your price for second or later orders.

The Engagement Calendar

The Scull-Craft Calendar continues to be produced with the same high quality paper to write on and is still considered the number one “green” calendar available. We use only one binding to keep costs as low as possible. 100% Made in the U.S.A.

Cord Hole Calendars

Calendars with the cord holes punched in them are available by special order for the “do-it-yourselfer” wishing to use their own cord or ribbon.

Please note: No cord or ribbon will be provided with the cord hole punched calendars.

Your Privacy — Please note:

We do not sell or exchange the names, email addresses or phone numbers of our customers.

Help Us Spread the Word

We want to continue to offer the calendar to as many people as possible including you! We are most interested in contacting people in groups such as clubs, churches, hospitals, etc. who need a way to raise funds for their organization. Who would you recommend that might like to raise funds for their group and would like a free sample?

Name _____

Address _____

City, State, Zip _____

“I just wanted to send a huge THANK YOU to you both for continuing to produce the very best calendar ever created! Our family has used these calendar faithfully for years.”

—L. Stella,
Wilmington, NC
